

Lesson 8: Fly Together

Write the child's name on a sticky note.

Ask "Where do you think a bird would want to fly to in the room?"

Encourage children to think about where their favorite spot is in the room.

Take the sticky note (or paper) and invite the children to fly there as well.

Mark that spot with the note.

Encourage other family members to join and ask if they have the same favorite spot in any of the rooms?
